

# TRAINING & SIMULATION

*Alaska Native Corporation | Minority Small Disadvantaged Business*

## TAILORED SOLUTIONS TO MEET YOUR NEEDS

Jadin Tech's Training & Simulation Team provides clients with the management and leadership required for all types of training programs, including: initial setup, manpower training and sustainment operations (COMS/CLS/TSSC), technology integration, development of training and simulation programs, asset management and weapon system platform disaster recovery (DR) planning.

Our team has more than 90 years of combined experience in supporting military training and simulation programs for the U.S. Air Force, Navy and Marine Corps. Our senior management team successfully developed one of the original six FAA Unmanned Aircraft Systems (UAS) test sites and obtained the first test site issued Special Airworthiness Certificate (SAC)-Experimental for commercial UAS operations.

Jadin Tech's seasoned Training & Simulation Team incorporates all elements of program management, maintenance operations including asset management, into a comprehensive training risk management framework. We tailor our services to your needs to achieve an acceptable level of risk at an affordable cost, while complying with ISO Standards and industry best practices.

**Primary NAICS Code:** 561330 | Professional Employer Organizations

**Secondary NAICS codes:** 561311, 541519, 541511, 541512, 541611

**DUNS:** 080051374 **CAGE Code:** 7HK63

## TRAINING & SIMULATION CAPABILITIES

- Unmanned Aircraft Systems Simulation
- Standards and Regulatory Compliance
- Cyber Security
- Systems Engineering & Technical Assistance
- Project Management Office Support
- Full Motion Flight Simulation
- Rotary Full Flight Simulation
- Maintenance & Part Task Trainer
- Training System Support Center Support (TSSC)
- Engineering Management
- Modification & Upgrade
- Inventory & Asset Management
- Library Management
- Simulator Certification (SIMCERT)
- Maintenance Trainers
- Contractor Logistics Support (CLS)
- MMIS Design and Development
- Contractor Operations and Maintenance (COMS)
